

GRAZING APPLICATION ADDENDUM

PLEASE READ CAREFULLY

1. This Application Addendum, signed and dated by the Grazing Lease Administrator, Range, Agriculture & Conservation Section Manager, or Natural Resources Division Director, must accompany a **new** application for a Grazing Lease or Grazing Special Land Use Permit. If this form does not accompany the application, or if the Application Addendum is not signed and dated, or if the application is not submitted within 90 days of the Preliminary Application Conference date, the application will be rejected.
2. Preliminary Application Conferences are to be scheduled through the Grazing Lease Administrator, (602) 542-2694. The Conference may be with the potential applicant or the potential applicant's representative. Preliminary Application Conferences shall be by appointment and may be in person or by phone.
3. An appointment for a Preliminary Application Conference must be scheduled at least ten (10) working days in advance of the meeting date. The potential applicant must provide a completed Application Addendum by the date of the Preliminary Application Conference. The completed Application Addendum may be mailed, hand delivered, or provided electronically. In addition to the Application Addendum, it is highly recommended that a surface ownership map showing the subject land be provided by the potential applicant. If the Preliminary Application Conference is conducted by telephone, it is the responsibility of the potential applicant or representative to make sure the Application Addendum and any maps are delivered to the Grazing Lease Administrator prior to the Preliminary Application Conference.
4. When the Preliminary Application Conference is concluded, the Grazing Lease Administrator will return the signed and dated Application Addendum to the potential applicant or representative to submit with the application if one is filed, and retain a copy.

NOTE: ACCEPTANCE OF THE APPLICATION SUBSEQUENT TO COMPLETION OF THE ADDENDUM DOES NOT CONSTITUTE A FINAL DETERMINATION BY THE DEPARTMENT OF THE MERITS OF THE APPLICATION.

ARIZONA STATE LAND DEPARTMENT
NATURAL RESOURCES DIVISION

ADDENDUM TO APPLICATION
REQUIRED PRELIMINARY APPLICATION INFORMATION

This completed form, signed and dated by the Natural Resources Division, must accompany a New Grazing Lease or Grazing Special Land Use Permit Application.

APPLICANT INFORMATION

Applicant Name: _____

Contact Name: _____

Mailing Address: _____

City: _____

State & Zip Code: _____

Phone: _____

E-Mail: _____

PARCEL INFORMATION

Section(s)/Township/Range: _____

County: _____

Nearest Town or City: _____

Acreage: _____

Surrounding Land Uses

North: _____

East: _____

South: _____

West: _____

Will this application add land to, or conflict with an existing grazing lease or permit? If so, what is the lease or permit number?

Describe the vegetation on the subject land. What are the dominant plant species and forage plants growing on the site?

Are there any resource concerns such as soil erosion, plant vigor, shrub encroachment or invasive plant species?

Is access to the subject land an improved dedicated public road? ☐ Yes ☐ No

If yes, describe access and identify road names: _____

If no, describe how access will be obtained: _____

Provide information on the existing improvements such as fencing, water sources, corrals, etc. Who is the owner of the existing range improvements?

Are new range improvements needed to facilitate livestock grazing on the subject land? If so, what improvements are needed? (Note: *In the case of a Special Land Use Permit, new improvements must be temporary and are non-reimbursable*)

Is there adjacent private or federal land that would be used in association with the State Trust land? If so, do you own the private land or have a written grazing use agreement with the land owner? Do you have a grazing permit for adjacent federal land?

What is your estimate of the carrying capacity (number of animals the land can support) for the subject land? Do you propose to use the subject land for seasonal or yearlong grazing?

What other uses are occurring on the subject land? For example, are there utility corridors?

Is there evidence of illegal dumping, off-road travel, or target shooting on the subject land?

Are there any of the following on the subject land, such as the existence of threatened or endangered species, cultural resources, topographic constraints, etc.?

For Natural Resources Division Use Only
